DETAILED ACTION

The following is responsive to Applicant's amendment received June 4, 2002 and the response received Dec. 16, 2002.

Claims 1-8 are cancelled. New claims 9-16 are added. Claims 9-16 are currently pending.

All previous claim objections and rejections set forth in paragraphs 1-12 of the office action mailed Dec. 20, 2001 **are withdrawn** in view of Applicant's amendment/response and the remarks contained therein.

Claim Rejections - 35 USC § 112

1. Claim 16 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
2. Claim 16 recites the limitation "the production of gonadotropin" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Duplicate Claims

3. Claims 14-16 are objected to under 37 CFR 1.75 as being a substantial duplicate of claims 9, 12, 13. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Art Unit: 1614

New claims 14-16 add additional limitations which recite the property/effect of the compound being administered. Said limitation is inherent in the claimed methods and does not further limit the claims. The claims are identical in scope.

Allowable Subject Matter

Claims 9-16 are free from the prior art because the prior art does not disclose or fairly suggest Applicant's claimed methods.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
